Just a thought. This job of doing the Bulletin is a purely volunteering position. Ed Booth did the bulletin for years and I would venture to say that a handful of people only knew that Ed did the excellent job. I don't think anyone ever thanked him, but criticisms were always voiced when someone THOUGHT he was wrong and they were right. Now we do it--not looking for anything--but criticisms are out there. If anyone thinks that there are errors, please tell me---Steve Rimar.

If anyone wants to have an item inserted in the bulletin (we sure do need material). Please write it on a piece of paper and give to Helene or Steve.

Take into account that great love and great achievement involve great risk.
